**\*NON STOCK ITEMS AVAILABLE TO ORDER – ORDERS UNDER £100 WILL ATTRACT  
£10 HANDLING CHARGE.**

The above table relates to open-type transformers, and shows standard voltages and ratings. Other voltages and ratings, as well as other types of transformers (including 3-phase) can be supplied to order.

**ENCLOSURES:** All transformers in the above range can, if required, be supplied in a purpose-designed enameled ventilated steel case suitable for floor or wall mounting. 200VA and below can be mounted in IP55 plastic cases. For further details, see separate data sheet.
